THE REVERSE SIDE OF THE

STAGE PICTURE.

To the stage-struck girl the life of an actress seems all beautiful gowns,

flowers, and applause of the admiring multitude. It looks so easy—and so delightful—to be a lovely heroine every right for a few hours and to have one's photographs in every shop win-

dow.

But suppose you were in a minor company and had to play one-night stands, travel on poor trains, get turned away from hotel after hotel because of a narrow-minded prejudice against stage folk, and, to cap the climax, dress in a dirty little dressing room and play to an audience that eats peanuts, steadily, crunchingly, maddeningly right through the most thrilling scenes. This is no fancy picture—but the real experiences of a young actress as told in the November Woman's Home Companion. It's worth while reading, just for the story it tells of the conditions in theatres, the smaller theatres, all over the United States, and it's a true story of the stage of today.

Tammany looks for victory so far as the election of Gaynor is concerned and expects to carry New York and Queens Counties sure. To offset the cry of the "vice syndicate" the Tammany orators are to-day insisting that the entire Tammany ticket must be elected or the city will not get the subways which are so badly needed. #### "Jeff's" Father Thinks He Will Never Fight Again

Cannonburg, Penn., Oct. 25.—That James J. Jeffries and Jack Johnson will never meet in the fistic arena is indicated by an interview made public yesterday between the Rev. J. M. Work, pastor of the Central Presbyterian church of this city and the Rev. J. H. Jeffries, father of the undefeated heavyweight pugllist, who is visiting friends here.

Mr. Jeffries, who is a minister of the Presbyterian church and whose home is in Los Angeles, Cal., was asked his opinion concerning his son's career as a prize-fighter. Nephew Doctored for Fifteen Years but Got No Benefit-Finally Tried Cuticura Remedies and was Permanently Cured—Uncle Similarly Cured Five Years Ago.

ONE CURE BY CUTICURA LEADS TO ANOTHER

"About five years ago I was burned in an explosion of natural gas. My head and face, also my hands and arms, were burned. About three weeks after, eczema set in over the parts of my body which were burned and my physician undertook to cure it by administering a solution of arsenio, increasing the doses, but without any perceptible benefit. I was gradually losing strength from the suffering and I was in a very serious condition.

"About that time my nephew told me about his experience with the Outicura Remedies. He had eczema so severely that the blood ran down into his shoes. He suffered with the eczema for many years and had tried everything the physicians could prescribe. After doctoring for fifteen years, in which time he found no relief, he was finally induced to try the Cuticura Remedies, and they cured him permanently in four months.

"You can easily believe that I made haste to try them on his recommendation. I commenced using the Cuticura Soap and Cuticura Ointment. I was cured in less than two months so perfectly that I have not even had a symptom of the disease since, although it is over five years since the trouble began. I give this testimonial voluntarily, without solicitation or hope of reward, except that some one seeing it may be relieved from suffering as I was. G. T.
